Svein Arne Hansen Presidente European Athletics

El escenario está preparado y la ciudad del sudeste español de Murcia dará la bienvenida a los mejores marchadores europeos en la 11ª Copa de Europa de marcha.

Los mejores marchadores europeos esperan con ansiedad la celebración de este evento, que les permitirá competir junto a sus compatriotas por uno de los más importantes títulos europeos por equipos.

La ciudad de Murcia es bien conocida por sus cálidas y secas condiciones atmosféricas, que los atletas probablemente tendrán que afrontar.

La Copa de Europa de marcha rápidamente se ha consolidado una competición del más alto nivel como evidencia el gran número de marcas personales y del año conseguidas en la anterior edición disputada en Dudince 2013. Una repetición de aquellas magníficas carreras que se vivieron en la anterior edición es lo que se espera aquí de nuevo.

Estamos encantados de la labor desarrollada por la Real Federación Española de Atletismo y en especial la ciudad de Murcia, que han trabajado muy duro para disponer de las mejores condiciones posibles en un corto periodo de tiempo, teniendo en cuenta que la competición había sido adjudicada en primer lugar a la ciudad de Ivano-Frankvics en Ucrania. Sabemos que han puesto todo su corazón en conseguir un evento a la altura de sus esfuerzos.

Deseamos la mejor suerte a todos los competidores y equipos y también una agradable estancia a todas las personas que estarán involucradas en lo que promete ser otro gran evento.

The scene is set and the South-Eastern Spanish city of Murcia is ready to welcome the best race walkers of Europe for the 11th European Cup Race Walking.

Europe's race walkers are eagerly looking forward to the event, as it will provide them with a much-valued opportunity to compete together with their compatriots for one of Europe's most important team titles.

The city of Murcia is known for its warm and dry conditions which the athletes will likely have to face.

The European Cup Race Walking has quickly established itself as a competition of the highest level as evidenced by a number of personal and season best performances at Dudince 2013. A repeat of the gripping contests that highlighted the previous edition can be expected here again.

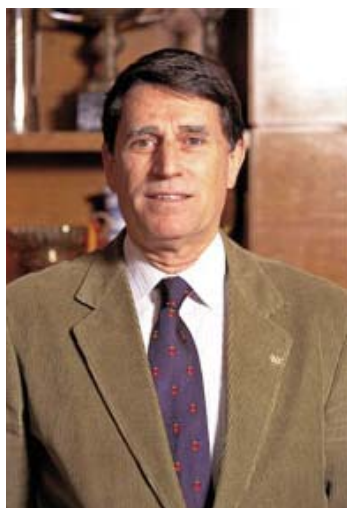

We are grateful to the Spanish Athletics Federation and especially to the city of Murcia, who have worked hard to provide the best possible conditions in a short amount of time, considering the competition was previously to be held in Ivano-Frankvick, Ukraine. We know they have put their hearts into making the event a fitting tribute to their efforts.

We wish the best of luck to all the competitors and teams and an enjoyable stay to everyone involved in what promises to be another great event.

Murcia, tierra de muy ilustres marchadores, será el escenario de esta edición de la Copa de Europa de la especialidad, de larga tradición en el calendario internacional. Ya se celebró hace pocos años en ese mismo circuito de su capital, una final de la Challenge Mundial, con gran éxito de público y resultados muy notables. Este próximo mayo, nuestro equipo actual, con figuras en todos los niveles, tendrá una gran oportunidad de deleitar a los aficionados con sus actuaciones.

La marcha europea es la de mayor nivel mundial, con permisos de chinos, japoneses y austrianos y por ello la competición va a ser atractiva y espectacular.

De allí saldrá nuestra selección para el Mundial de Pekín y ello será un aliciente más para que se superen en su participación.

Deseamos a todos los atletas visitantes y a sus acompañantes, una feliz estancia en Murcia y que disfruten mucho, de todo lo bueno que esta magnífica región puede ofrecerles.

Un cordial saludo a todos

Murcia, of very outstanding race walkers land, will be the scene of this edition of the European Cup of race walking, a competition of very long tradition in the international calendar. We have to remind that in this same course of Murcia's capital, it was celebrated some years ago the World Race Walking Challenge final, with a plenty of success and very remarkable results. This next may, our team, with all-levels stars, will have the opportunity of delighting athletic fans with their performances.

Race walking in Europe is the best in the world, with the permission of Chinese, Japanese and Australian walkers, and that's the reason why this competition will be very attractive and spectacular.

The one in Murcia will also be the selection competition for the World Championships in Beijing, so it will be a very important encouragement for our athletes.

We wish all the athletes competing and their accompanying persons a very happy stay in Murcia. Sure they will enjoy all the good things this magnificent region can offer them.

A warm greeting for everyone.

HISTORIA - LA COPA DE EUROPA DE MARCHA

A imagen de la Copa del Mundo de Marcha, que se venía disputando desde 1961, la entonces Asociación Europea de Atletismo decidió en su reunión del Consejo de enero de 1996 que la primera edición de la Copa de Europa de Marcha se disputaría el 20 de abril de aquel año en La Coruña, ciudad española de acreditado renombre en la organización de pruebas de marcha. La Copa de Europa fue desde ese momento y cada dos años la competición primaveral de referencia para la marcha europea de marcha y la segunda en importancia al cabo del año, tras la cita europea o global del verano y alternándose cada año con la Copa del Mundo.

Aquella primera edición de 1996 se disputó en el paseo de los Cantones de la ciudad española de La Coruña. Allí inauguraron la Copa 121 hombres y mujeres provenientes de 17 naciones. Ahora, en 2015, la competición regresa por primera vez a España; sólo Eslovaquia, con tres ediciones, había repetido como país sede. La competición se ha disputado siempre en primavera, en abril las dos primeras ediciones, en mayo la tercera y desde entonces siempre en el mes de mayo.

Desde aquella primera edición de La Coruña la Copa de Europa ha viajado preferentemente a ciudades en las que tradicionalmente se han disputado competiciones de marcha. Así, dos años más tarde, en 1998, Dudince, en Eslovaquia, acogió el certamen y la participación ascendió ya a 27 países. En 2000 se disputó en Eisenhüttenstadt, en Alemania, única ocasión en la que la Copa se ha disputado en dos días y no uno. No hubo que esperar dos años para la siguiente edición, pues la competición hubo de adaptarse al cambio de fechas de la Copa del Mundo de la IAAF, que se disputó en 1999 y 2002. Así, en 2001, fue de nuevo Dudince la sede.

Ya con la cadencia cada dos años y disputándose la Copa en años impares, la ciudad rusa de Cheboksary fue el escenario en 2003. La húngara Miskolc fue la sede dos años más tarde, para recalar en Leamington Spa, en Gran Bretaña, en 2007. La octava edición, en 2009, viajó a Metz, en Francia, y la novena a la localidad portuguesa de Olhao, en 2011. La última edición, en 2013, se disputó de nuevo en Dudince, la única ciudad que ha repetido y por tres veces, como escenario de la competición.

La Copa de Europa se ha disputado sobre las tradicionales distancias de 20 y 50 km en ruta para los hombres y de 20 km para las mujeres, excepto en las dos primeras ediciones, en 1996 y 1998, en las que la categoría femenina se disputó sobre 10km, pues esa era entonces la distancia oficial. En la

cuarta edición, la de Dudince 2001, se incorporaron los atletas de categoría júnior de ambos sexos, que han competido siempre sobre 10 km. Desde dicha cuarta edición el formato de la competición no ha sufrido ninguna variación.

Ya hemos destacado que la Copa de Europa de Marcha es la segunda competición anual en importancia para los atletas europeos en los años que se disputa. Por ello los mejores marchadores de nuestro continente han sido fieles a la cita. Pero la Copa es una competición por equipos, en las que los países administran sus fuerzas en aras de una clasificación por naciones. Existe una clasificación por equipos para cada distancia. En categoría senior se suman los puestos de los tres primeros atletas de cada país y vence el equipo que menos puntos suma; en la categoría júnior se suman los dos primeros atletas y se procede de la misma forma. Hubo además en las dos primeras ediciones una clasificación conjunta para hombres, sumándose los puntos de las dos pruebas masculinas.

Los países que han dominado la competición son los que tradicionalmente y en los últimos años han impuesto su ley en la especialidad de marcha a nivel mundial y europeo. Rusia ha sido sin duda la nación que ha dominado con mano de hierro la Copa de Europa, pues ha vencido en 27 de las 46 clasificaciones por equipos a lo largo de las diez ediciones disputadas. Se han asomado también a lo más alto España e Italia, en seis ocasiones, y Bielorrusia en tres. Francia, Alemania, Ucrania y Portugal han conseguido una medalla de oro.

Los mejores marchadores europeos han estado siempre en la Copa de Europa de marcha, dando brillo a una competición que supone siempre una cita obligada. Campeones olímpicos y mundiales de la talla del polaco Robert Korzeniowski, el español Jesús Ángel García Bragado o las rusas Olimpiada Ivanova o Yelena Nikolayeva han vencido también en distintas ediciones de la Copa de Europa.

HISTORY - EUROPEAN CUP RACE WALKING

Inspired on the IAAF World Race Walking Championships, competition which was celebrated first in 1961, the European Athletics Association decided in their Council Meeting held in January 1996 that the first European Cup of Race Walking will be celebrated on April 20th of that same year in La Coruña, a Spanish city with a very long tradition in the organization of race walking events. Since then, every two years, European Cup of Race Walking has been the reference spring competition for European walkers and the second in importance during the year after the big athletics competition of the summer. European Cup of Race Walking has also taken turn during the last two decades with the IAAF World Race Walking Championships.

That first edition in 1996 was celebrated on the "Cantones" promenade in the Spanish city of La Coruña with a participation of 121 men and women proceeding from 17 European countries. Now, in 2015, the competition come back for the first time to Spain. Only Slovakia, with three editions of the Cup, had repeated as host country. The competition has been disputed always in spring, in April the first two editions, in May the third and since them always in May.

From this very first edition in La Coruña, European Cup of Race Walking has travelled to cities with a very long tradition in organizing walking events. In 1998 Dudince in Slovakia was the host city with a participation of 27 countries. In 2000 it was held in Eisenhüttenstadt, in Germany, the only time in which competition has been celebrated in two days. We have not to wait for two years for the next edition because competition had to adapt to the change of dates of the IAAF World Race Walking Championships, which was disputed in 1999 and 2002. So, in 2001 Dudince was again the venue.

With the new cadence of every two odd years, Russian city of Cheboksary was the scenery in 2003. Miskolc (Hungary) was the next venue, to travel to Leamington Spa, in Great Britain, in 2007. The eight edition, in 2009, was disputed in Metz, and the ninth in the Portuguese city of Olhao in 2001. The last stage of this competition, in 2013, was held again in Dudince, the only city which has repeated (for three times) as venue of the competition.

European Cup of race walking has been disputed in the traditional distances of 20 and 50km in road walking for men and in 20km for women, except in the first two editions, in 1996 and 1998, in which the distance for women was 10km, then the official distance for them. In the fourth edition, in Dudince 2001, junior athletes were summed to the completion in both men and women events, always in 10km. From that edition the format of the competition has remained the same.

We have pointed out that European Cup of Race Walking is the second annual competition for European athletics in the years it is programmed. For that reason the best continental walkers have showed their fidelity to this date. But the Cup is a competition for teams, in which countries planned their strategies taking into consideration the final punctuation by teams. There are team's classification in every distance. In the senior events the first three athletes of each country summed for the classification and the winner is the country with the less sum of points. In the junior events only the first two athletes are taken into consideration the collective standings. In the first two edition it was produced also an overall standing in men events, with the sum of the two races.

The countries which have showed their dominance in this competition are the ones leading the race walking in the World and in Europe. Russia has been the reference with 27 victories in the 46 team standings produced during the ten editions of the Cup disputed to this moment. Also we have to point out Spain and Italy with six victories, and Belarus with three. France, Germany, Ukraine and Portugal have achieved a victory each one.

The best European race walkers have been always present in the European Cup of Race Walking, giving a relevance to this competition. Big Olympic and World Champions like Pole Robert Korzeniowski, Spanish Jesús Ángel García Bragado or Russian Olimpiada Ivanova or Yelena Nikolayeva have produced victories in different editions of the European Cup.

Suplement - doubtful mark

1:37:57p		Emile	Anthoine	FRA	Paris/Longchamp	13	7	1913
p = professional at the time of performance - not eligible for record purposes made during 50k race event -422 47-, unofficial record attack, unknown conditions								

1:19:46		Boris	Yakovlev	URS	Eschborn	29	9	1979
---------	--	-------	----------	-----	----------	----	---	------

The top-5 became the fastest 5 in the history of the event, giving rise to speculation that the course was probably short. The organizers and German experts who witnessed the race consider it was completely fair and performances should be accepted and distance is correct, but that video and pictures evidence show that the style was doubtful.

50km Marcha / Walk Ruta/Road

The 50 kilometres walk has a more illustrious Olympic history than the 20k, having taken place initially in 1932, but, as in the 20k event, marks for the 50k road walk were not accepted as records until 1.1.2004. The progression is as follows:
